PRE-PROPOSAL MEETING MINUTES

Contract Number: MDTA 2024-02

Contract Title: Planning, Engineering, Construction Management, and Program Support Services for Francis Scott Key (FSK) Bridge Reconstruction

Date of Pre-Proposal: July 26, 2024

Location of Pre-Bid: Virtual/Teams

Time: 2:00 p.m.

I. Introductions

Great morning, my name is Jacquaé Rubin, and I am the Procurement Officer for the Maryland Transportation Authority (MDTA) Contract Number MDTA 2024-02, Planning, Engineering, Construction Management and Program Support Services for Francis Scott Key (FSK) Bridge Reconstruction for the MDTA. Also here today are Mr. Moreshwar Kulkarni, Deputy Director of Asset Management, Environmental, Facilities, and Highways, and Verlinda Dillard, Civil Rights and Fair Practice Compliance Officer.

Today's minutes and the Teams Attendance Report will be part of Addendum #1. In the Teams chat, please include your name, contact information, and the organization you are representing along with whether you will be proposing as a Prime or Sub and whether your firm is a DBE firm, VSBE firm and/or a certified small business.

Questions and responses we received via eMaryland Marketplace Advantage (eMMA) will be posted in a separate addendum.

I am respectfully requesting that your microphone remain muted unless you are speaking.

II. Purpose

The purpose of this Pre-Proposal is to reiterate project specifics and to clarify any questions or concerns firms may have regarding the specifications or scope of work for this project. These Pre-Proposal minutes will be published as Addendum #1 and will become a part of this solicitation on eMMA. Nothing stated at this Pre-Proposal meeting may change the Request for Proposals (RFP) unless a change is made by the MDTA by written addendum.

III. General Information

- a. The eMMA project number for this RFP is: BPM045421.
- b. A DBE goal of 31.5% has been established for this project. There are no subgoals.
- c. It is the intent of the MDTA to enter into one (1) contract for these services. The Contract will be valued at \$75 million for a five (5) year term.
- d. Questions are due no later than **2:00 p.m. on July 30, 2024**. All questions shall be submitted via eMaryland Marketplace Advantage using the Discussions + Q&A tab.
- e. Technical Proposals are due no later than **2:00 p.m., on August 19, 2024**. No response received after the deadline will be accepted, no matter how transmitted.
- f. Regarding Technical Proposal submissions, Firms shall submit one (1) unbound original, four (4) bound copies, and two (2) copies on flash drives of its original Technical Proposal. Proposal packaging shall include the Consultants Name, Content, Project Number, and Project Title. **Proposals will not be accepted via eMMA and shall be submitted to the MDTA per the instructions outlined in the RFP.**
- g. Proposals shall be submitted to Jacquae Rubin, Maryland Transportation Authority, Division of Procurement, 2310 Broening Highway, Baltimore, MD 21224

IMPORTANT INFORMATION

- A. Firms and their subconsultants are responsible for ensuring that their team is free from potential conflicts of interest. Do not respond to this RFP if on the Progressive Design-Build contract (KB-4903-0000, BPM044576) to reconstruct the FSK bridge you are the awardee (i.e., Prime or a JV constituent), an offeror (i.e., Prime or a JV constituent), a subcontractor, or a subconsultant. This is to avoid a potential conflict of interest. MDTA may declare offerors whose team member has a potential conflict of interest as not responsible; and MDTA may also declare their Technical Proposal as non-responsive. If any conflict of interest is discovered after the award, MDTA may rescind the award or terminate the contract for default. State Finance and Procurement Article, Section 13-212.1 of the Annotated Code of Maryland will dictate the Firm's eligibility to pursue work on Design-Build projects after advertisement.

The Progressive Design-Build contract is anticipated to be awarded mid to late summer.

IV. Introduce Project Manager and Civil Rights and Fair Practice Officer

- a. At this time, I would like to turn the meeting over to Verlinda Dillard who will discuss the DBE project compliance and requirements.

Allow time for Q & A.

- b. Next, Moreshwar Kulkarni will discuss the project scope.

Allow time for Q & A.

V. Reminders

- Questions are due by **2:00 p.m. on July 30, 2024**. Again, all questions shall be submitted via eMMA. Questions received before today's pre-proposal will be included in the Addendum.
- Technical Proposals are due by **2:00 p.m., on August 19, 2024**.
- Prime Consultants selected for this contract will be precluded from participating on any team for all construction contracts pertaining to the FSK bridge reconstruction during the life of this contract. Any Sub-Consultants of this contract will be precluded from participating on any team for all construction contracts pertaining to the FSK bridge during the life of this contract unless released by MDTA at its sole discretion and only if the Prime Consultant can demonstrate that all services can still be provided by the Consultant Firms, directly or through one of its other subcontractors(s).
- The Progressive Design-Build contract is anticipated to be awarded mid to late summer.
- If you have not done so already, please include your name, contact information, the organization you are representing along with whether you will be proposing as a Prime or Sub and whether your firm is a DBE firm, VSBE firm and/or a certified small business in the Teams chat.

VI. Adjourn Meeting

- Thank you for attending today's Pre-Proposal. MDTA appreciates your interest in the solicitation. We hope the information shared will prove to be valuable.

Best of luck!

MdTA OFP Disadvantaged Business Enterprise Program (DBE)
Pre-Bid/Proposal Conference

MDTA Contract No.: MDTA 2024-02

Pre-Bid/Proposal Meeting Date/Time: July 26, 2024 / 2:00PM

Procurement Officer: Donna DiCerbo

Location of Meeting: TEAMS

Project Description: Planning, Engineering, Construction Management and Program Support Services for Francis Scott Key (FSK) Bridge Reconstruction.

The overall DBE subcontractor participation goal of **31.5%** of the total contract dollar amount has been established for this procurement.

In addition, the following goals have been established for this procurement:

The Prime Contractor is encouraged to use a diverse group of subcontractors and suppliers from any/all of the various DBE classifications to meet the DBE participation goal.

If the Prime is a certified DBE, to receive credit toward the DBE goal the DBE prime must list its firm on the DBE Participation Schedule (Form B). For the remaining portion of the overall goal, the DBE prime must also identify other certified DBE subcontractors (DBE Participation Schedule (Form B) used to meet the goal.

A Bidder/Offeror shall include with its Bid/Proposal a completed DBE Utilization and Fair Solicitation Affidavit (**Form A**) indicating that you intend to meet the overall DBE goal of **31.5%**.

A Bidder/Offeror requesting a waiver is not allowed in the DBE Program. A Bidder/Offeror who does not demonstrate adequate Good Faith Efforts (GFEs) to meet a DBE contract goal is ineligible to participate in federal contracting opportunities.

If a Bidder/Offeror fails to submit a completed Form A & B with the Bid/Proposal as required, the Procurement Officer shall determine that the Bid is non-responsive, or the Proposal is not reasonably susceptible of being selected for award.

Other requirements:

- Make sure to include the percentage of the total contract the DBE, including DBE primes, will be performing and the DBE certification number.
- It's advisable to verify that the DBE's certification is current at the time of bid. **Pending certification is not acceptable.**
- General Contractors should verify that the DBE subcontractors are appropriately certified and have the correct NAICS codes allowing it to perform the committed work.
- If the specific item of work is not listed, you might want to check with a DBE Agent at MDOT to determine if the DBE is certified for that item of work.
- If the item of work is not listed, they are not certified to perform that function, therefore DBE credit will not be allowed.

The apparent awardee must provide the following documentation to the Department **within 10 (ten) working days** of receiving notice of the potential award:

- **Form D** - The Subcontractor Project Participation Affidavit
 - It must be signed by both the bidder and each certified DBE listed on the DBE Participation Schedule.
 - Make sure you read the form. It indicates that both parties are aware:
 - ✓ Prime Contractor intends to enter into a **subcontract** with the DBE committing to Participation by the DBE firm for that certain percentage and dollar amount.
 - ✓ DBE cannot be used in name only,
 - ✓ DBE has agreed to be included in the contract documents,
 - ✓ DBE will be notified before the execution of the contract of its inclusion in the contract, and
 - ✓ Must use the DBE to perform the work indicated.

- **Form C** - Outreach Efforts Compliance Statement
 - Must be submitted within 10 (ten) working days
 - Identify what opportunities for subcontracting were presented
 - Attach copies of all written solicitations, including bidding instructions, used to solicit DBE firms.
 - Provide additional information regarding your outreach efforts to DBE such as corporate outreach events, one on one meetings, advertisements to DBEs, etc.
 - This form must be signed by the General Contractor.

If you indicated on the **Form A** that you were unable to achieve any portion of the DBE goal (overall), a waiver is not allowed under the DBE regulations USDOT §26.53 of 49 Code of Federal Regulations (CFR) Part 26 and a good faith effort must be submitted using the above governing guidance.

- Any other documentation considered appropriate by the Department to ascertain bidder responsibility in connection with the contract DBE participation goal.

4. When developing your bid packet, keep in mind that we will not accept third tier DBE subcontracting toward the DBE goal, unless it is approved at the time of bid.

5. By submitting a response to this solicitation, you agree that the dollar amounts identified shall be performed by the proposed certified DBEs.

6. If the apparent awardee fails to return each completed document within the required time, the Department may declare the potential award void.

7. Invoice reporting will be required via our iFMIS payment tracking system between the Prime Contractor and their DBEs.

8. As set forth in COMAR 21.11.03.12-1 and USDOT Title 49 - Transportation CFR Part 26, once the Contract work begins, the work performed by a certified DBE firm(s), including a DBE

prime, can only be counted towards the DBE participation goal(s) if the DBE firm is performing a commercially useful function on the Contract.

Michael Shapiro 2 days ago

This is Michael Shapiro, PE with Michael S. Shapiro Consulting LLC. I am looking to get on a GEC team in a prominent role. I have worked on \$14B of GEC and Program Management Contracts for Owners and 43 Alternative Delivery projects valued at \$29B. I have also worked on a major Progressive Design Build Contract. I have had leadership roles on all of these contracts. I can be contacted at michaelshapiro.az@gmail.com and at 602 312-3097. I am not a DBE, but have worked with many DBE's in a leadership position to forefill the DBE requirements and goals. I can work as a contract employee.
